**I. SUMMARY OF CHANGES:** Indian Health Service (IHS) or Tribal Hospitals including (CAHs) often bill a Type of Bill (TOB) 12X for social admissions which will be denied by the designated FI when a subsequent TOB 13X or 72X is billed by a separate facility for outpatient services or dialysis services rendered during a social admission at the IHS/Tribal Hospital. Social admission stays do not qualify for any payment on either an 11X or 12X TOB.

Change Request 3452

**SUBJECT: Indian Health Service (IHS) or Tribal Hospitals including Critical Access Hospital (CAH) Payment Methodology for Inpatient Social Admissions and Outpatient Services Occurring During Concurrent Stays**

## I. GENERAL INFORMATION

**A. Background:** There may be situations when an American Indian/Alaska Native (AI/AN) beneficiary is admitted to an IHS/Tribal facility for social reasons. These social admissions are for patient and family convenience and are not billable to Medicare on either an 11X or 12X Type of Bill (TOB). For admissions before surgery, only the scheduled surgery and related services may be billed on an 83X TOB, if the surgery is performed on an outpatient basis, and on an 11X TOB, if the surgery is performed on an inpatient basis. Placing a patient in a room for social reasons after an inpatient discharge may not be billed to Medicare. For patients in a social admission status requiring outpatient services at another facility, the 12X TOB, if submitted, will cause an edit to reject the outpatient services. Since there is a significant number of social admissions in IHS/Tribal facilities, Medicare has decided to disallow payment for inpatient Part B ancillary services during a social admission stay when there is another bill from a different facility for an outpatient service. A 12X TOB from the admitting facility with a 13X TOB from another hospital or a 72X TOB from a Renal Dialysis Facility (RDF) would create a duplicate payment and this is inappropriate.

## B. Policy:

1. When a 13X TOB is received from another hospital or a 72X TOB from a Renal Dialysis Facility covering the same time period as a 12X TOB from an IHS/Tribal facility including IHS/Tribal Critical Access Hospitals, the 12X TOB is presumed to represent a social admission and is disallowed. The 13X TOB/ 72X TOB will be paid.
2. The social admission stay does not qualify for any payment for the TOBs 11X or 12X.
3. The social admission cannot be used to satisfy the 3-day prior stay for Skilled Nursing Facilities (SNF).

**C. Provider Education:** A Medlearn Matters provider education article related to this instruction will be available at [www.cms.hhs.gov/medlearn/matters](http://www.cms.hhs.gov/medlearn/matters) shortly after the CR is released. You will receive notification of the article release via the established "medlearn matters" listserv. Contractors shall post this article, or a direct link to this article, on their Web site and include information about it in a listserv message within 1 week of the availability of the provider education article. In addition, the provider education article must be included in your next regularly scheduled bulletin. Contractors are free to supplement Medlearn Matters articles with localized information that would benefit their provider community in billing and administering the Medicare program correctly.
